Subject: Galloway's Office has called my extension seeking a response from the High Commission
Importance: High

Dear all -- I have forwarded the voice message from George Galloway's office that came into my extension to Bob Orr, Rob Fry and Stewart Wheeler. As this is not a media call -- and Galloway's office seeking a reponse from the Canadian High Commission following the publication today in The Sun of the 'exclusive article', I am seeking your input prior to providing details to Alykhan. Clearly, I will not go back to this call from Galloway's Office until I have heard back from you.

All other strictly media calls I will forward on to Alykhan as advised and keep you all copied so you are aware of the situation and media interest.

Best, Shelley
