Please see below. I have copied Bob so he can inform the HOM at the HC. Now, how did The Sun learned about this, I really don't know.

FYI, the British Sun has learned that Galloway is inadmissible to Canada. I didn't confirm but they seemed pretty confident. They asked if the Minister would be willing to issue a special permit to let him in and I confirmed that, no, under no circumstances would the Minister authorise this. My language may have been slightly more colourful in explaining the rationale.
